

Hello World

2022-09-19

R Markdown

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see <http://rmarkdown.rstudio.com>.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

```
library(knitr)
```

```
## Warning: 'knitr' R 4.1.3
```

```
tinytex::install_tinytex()  
print("Hello World")
```

```
## [1] "Hello World"
```
